

# What Does “Flipping the Classroom” Mean?

Maybe you have heard that term recently or even read it in your student's syllabus, but what does having a “flipped classroom” mean? Come to this brief workshop where you will be introduced to the term “Flipped Classroom” and discover what it means for education and how you may be seeing this in your classroom and your living room. The course will showcase the theory behind the flipped classroom, highlight some of the ways teachers implement it, and provide some links for resources. We promise – no gymnastic skills required! All Bernards Twp. parents and students are welcome to participate in this free class offered by the Bernards Township Education Association.

Thursday, October 1st  
7:00–8:00 p.m.

Hosted by RHS Biology Teacher Jennifer Kaltenbach
