

# **Katie's Krew Blood Drive**

## **Be a Hero!**

Did you know that the largest recipient group of blood products are people battling cancer? Our hometown hero, 11-year-old Katie King, is battling Ewing's Sarcoma, a rare pediatric cancer with strength and bravery. This past year, she received almost 50 units of blood, which would only be possible due to blood drives like these. Did you know your single pint of blood can save 3 lives and make a difference? All products will be donated to RWJUH-Barnabas health care system, helping to fill local New Jersey need.
